Invitation - Client Meeting The Suspensory Ligament in the Horse

We would like to invite you to our client evening at Moulton College, Moulton, Northampton NN3 7RR on Wednesday 8th February 7.15pm start. David Rutherford's presentation will cover injuries of the suspensory ligament, their diagnosis, treatment and rehabilitation. This will be followed by a tour of the rehabilitation facility, equine spa and demonstration of the water treadmill. Spaces are limited and are on a first come, first served basis so please contact the clinic via telephone on **01487 773333** or email at vets@fellowesfarm.com if you would like to attend. There will be a nominal £2.50 attendance fee, proceeds of which will be donated to an equine charity. Light refreshments will be provided. The meeting will be sponsored by VetCell.

Recommend us to a friend and we'll give you both £10!*

Introduce a friend as a new client to the practice and claim a free £10 voucher to redeem against anything at Fellowes Farm. Simply contact the clinic on **01487 773333** and request a "Recommend a Friend" form and we will post one out, then follow the instructions and return it to Fellowes Farm Equine Clinic. Once your friend has registered with us, we will send out the £10 vouchers* by post. *Remember that you can recommend more than one friend to Fellowes Farm therefore getting another £10 Voucher* on every occasion you recommend someone new to us.*

New "Deluxe Dental" Offer

Our recent client evening on Equine Dentistry was a great success. Those who attended found the talk interesting and will hopefully pass on the information to friends who were not able to make it. Fellowes Farm is hoping to improve the way we look at and treat your horse's teeth and those who attended the talk were convinced by the necessity of sedation for dental examinations in many cases. It allows a more thorough examination of the mouth which in turn allows early treatment of problems before they progress. For this reason we are now offering a fixed price "Deluxe Dental" for £75.00 inc. VAT (£65.00 inc. VAT for 5 or more horses on one yard). This includes sedation, a thorough examination, rasping of your horse's teeth, as well as recording all findings on a dental chart which will go into your horse's clinical notes and a copy for yourself to keep.

Special Online Offers at www.fellowesfarm.com/shop

Zylkene
Equine

£55.00 for box of 20 sachets
or **£2.80** per sachet

Zylkene Equine has been developed to help horses and ponies overcome difficult or stressful situations such as prolonged confinement, a new environment, new people or new horses, weaning, "breaking", travelling, teeth rasping, vet or farrier visits. Zylkene Equine can be used for both short and long term stress alongside behavioural training to help horses adapt to changing situations. For anticipated stress such as travelling or a change in environment, start Zylkene Equine from 2 days prior to, and for the duration of, the stressful event. For chronic behavioural problems, Zylkene Equine can be used on a continuous basis.

*Further terms and conditions apply please visit www.fellowesfarm.com for full details.
