

# Moulton College Careers Service Mission Statement

Our mission is to empower you to discover and unlock your future pathways through comprehensive support and guidance. As an integral part of the student experience team, we are dedicated to helping you make informed decisions about your career progression by providing up-to-date Local Market Information (LMI) and investing in the Pathways Programme.

We are committed to developing your digital skills, utilising the latest technology and offering extensive online and physical career resources. Our impartial career advice and guidance empower you to navigate your future confidently, whether entering the workforce, pursuing higher education, seeking apprenticeships, or continuing with your education and training.

Our team of friendly, highly qualified trained advisers are accessible across all campuses, via phone, email or Microsoft Teams, ensuring personalised support for every student. We embrace diversity, tailoring our services to meet the unique needs of all students, fostering self-motivation, resilience, and active citizenship.

At Moulton College, we provide the knowledge, tools, and support necessary for you to make fully informed decisions and achieve your career aspirations.
