

# Ecology and Wildlife Conservation

## BSc (Hons)

STUDY MODE  
Full time / Part time

LOCATION  
Moulton

LEVEL  
Level 6

START DATE  
Sep 2022

DURATION  
3 years / 5 years

AWARDING BODY  
University of  
Northampton

Led by passionate conservation biologists, our Ecology and Wildlife Conservation courses have sustainability at their core. This course investigates a range of UK habitats and the biodiversity that they support. Students cover a diverse range of current topics and get the skills necessary to make important conservation and environmental decisions at management level. The college has its own 450 ha farm so the outdoor classroom is never far away.

## What you'll learn

The first year will lay the groundwork needed to study ecology from individuals to ecosystems. There is a grounding in Conservation Biology and Animal Behaviour as well as time to learn those all important HE Study Skills needed to succeed at this level.

In the second year you will get a good grounding in Research Methods for biosciences, build upon your knowledge of Conservation Biology, Field Ecology and study the evolution of biodiversity in Origins of Biodiversity. There is a specialist module on Avian Ecology and Conservation and some practical modules to choose from.

In your final year you will study advanced Conservation Biology and Life on a Warming Planet as well as having some module choice, those elective modules include Zoos and Aquaria in the 21st Century and Greening the Grey. You will also get the opportunity to work on your own independent research project.

## What will this course cost me?

Full details of our course fees can be found on our [Fees and Financial Support page](#)

## How will I be assessed?

You will be taught in our purpose built HE centre with its small group classrooms and you will be assessed using a diverse range of modern methods which have their roots in the workplace.

## Where can it lead to?

After completion of this degree course you could progress on to postgraduate study or enter employment in a wide range of careers including:

- Ecological Consultant
- Countryside Ranger
- Estate Worker
- Ecologist
- Animal Welfare Conservationist
- RSPB Officer
- WWF Officer
- Grants Officer
- Wildlife Ranger

## Entry requirements

88 UCAS Tariff points from 3 A-Levels or Level 3 vocational qualification in a related subject.
