

# Bricklaying

## Diploma Level 3

STUDY MODE  
Full time

LOCATION  
Moulton

LEVEL  
Level 3

START DATE  
Sep 2023

DURATION  
1 year

Our Level 3 Diploma in Bricklaying will take your skills to the next level whilst providing you with the qualification you need to become a recognised bricklayer.

Guided by our expert tutors and guest lecturers our course will develop your skills with practical learning, introducing technical elements of Bricklaying including complex arches. You will have the opportunity to learn in our state-of-the-art workshops with specialist equipment.

Our strong commercial links will provide you with the opportunity to take part in an extensive enrichment programme including industry visits so that you can witness the development of the construction industry, preparing you for your future career in the construction sector.

## What you'll learn

Guided by our expert lecturers you will advance your knowledge of bricklaying and available technology in construction. Building on the knowledge and skills you developed at Level 2 (or alternative prior experience) you will explore in more detail the core units of Health and Safety and Building Construction increasing your understanding of your responsibilities to maintain health, safety and welfare in construction settings. Through practical and theoretical based learning you will develop your brickwork skills into an art by completing axed arches, Herringbone panels, chimney stacks and breasts and Bull's-eye windows.

## A typical week

This is a full time course taking place on three days per week from 9am - 4:30pm. There will be a mix of practical and theoretical work which are split into 1 hour - 1.45 hour lessons. You will have regular breaks including a lunch break.

## How will I be assessed?

Vocational and professional qualifications are taught through college based theory and practical lessons with further learning and understanding developed via directed self-study. Assessment consists of internally set coursework and assignments, although some professional and vocational qualifications may require the achievement of externally set assessments.

## Where can it lead to?

Transform your bricklaying skills creatively, by constructing axed arches, herringbone panels, chimney stacks and breasts and bull's-eye windows.

## Entry requirements

To study this qualification you must have successfully completed your [Level 2 qualification in Bricklaying](#).
