

Ecology and Wildlife Conservation

FdSc

STUDY MODE
Full time / Part time

LOCATION
Moulton

LEVEL
Level 5

START DATE
Sep 2022

DURATION
2 years / 3 years

Led by passionate conservation biologists, our Ecology and Wildlife Conservation courses have sustainability at their core. This course investigates a range of UK habitats and the biodiversity that they support. Students cover a diverse range of current topics and get the skills necessary to make important conservation decisions at management level. The College has its own 450 ha farm so the outdoor classroom is never far away.

What you'll learn

The programme will lay the groundwork needed to study ecology from individual species to ecosystems. There is a grounding in Conservation Biology and Animal Behaviour as well as time to learn those all important HE Study Skills needed to succeed at this level as well as delving into the world of environmental studies.

In the second year you will get a good grounding in Research Methods for biosciences, build upon your knowledge of Conservation Biology and Field Ecology as well as learning about Avian Ecology and Conservation. You will also get the opportunity to gain industry experience by completing a placement module and gain valuable research experience by completing your own project.

What will this course cost me?

Full details of our course fees and other costs can be found on our [Fees and Funding page](#).

How will I be assessed?

You will be taught in our purpose built HE centre with its small group classrooms and you will be assessed using a diverse range of modern methods which have their roots in the workplace.

Where can it lead to?

When you complete your FdSc you can either use this to progress on to complete a BSc degree using our "Top-Up" qualification in Ecology and Wildlife Conservation or you could move directly into employment.

Possible careers include:

- Junior Countryside/Wildlife Ranger
- Estate Worker
- RSPB Officer
- Wildlife trust officer

Entry requirements

48 UCAS points. These can be achieved either from A-Level study or from a related course at BTEC Level 3.
