

Plumbing

Diploma Level 3

STUDY MODE
Full time

LOCATION
Moulton

LEVEL
Level 3

START DATE
Sep 2020

DURATION
1 year

Our Level 3 Diploma in Plumbing will provide you with an array of skills and theoretical knowledge to kick start your career in this industry. Our Plumbing students have access to an exciting range of specialist resources at the College. You will use our unique workshop equipped with state-of-the-art tools and facilities to develop a range of skills.

With a Gas Assessment Centre, Renewable Technologies Centre and bench work facilities you will learn about domestic and industrial plumbing, heating, gas servicing and installation and solar thermal installations. Your study will be supplemented with hands-on experience and an extensive enrichment programme including industry visits.

As part of your course you will have the opportunity to undertake commercial experience and apprenticeships in Plumbing and Heating, where you will learn and develop practical skills that will be vital for your future.

What you'll learn

Guided by our expert lecturers you will gain a wider knowledge of complex domestic hot and cold water installations and central heating systems. Through practical and theoretical learning you will progress your skills in system planning and environmental technologies, focusing on advanced principles and techniques of gas and sanitation systems. You will cover modules including:

- Complex Cold Water
- Domestic Hot Water
- System Planning
- Sanitation & Drainage
- Central Heating Systems
- Domestic Gas Principles
- Environmental Technology
- Career Awareness

What will this course cost me?

Hi-Vis and Work Safety Boots are required to undertake this course. All of our equipment is supplied by Baca.

A typical week

This is a full time course taking place on three full days per week. There will be a mix of practical and theoretical work which are split into two hour lessons. You will have regular breaks, including a lunch break.

How will I be assessed?

Assessment consists of the following:

- Practical assessments
- Externally assessed Exams
- Internal Exams
- Written coursework and workbooks

Where can it lead to?

A Level 3 Diploma will give you the chance to progress to an apprenticeship, full-time employment in the industry as a plumber/heating engineer, or set up as a sole trader within the sector. Other employment opportunities are also available.

Entry requirements

Completion of Level 2 Diploma in Plumbing Studies.
