

# Adult GCSE Maths

## GCSE Level 2

STUDY MODE  
Part time

LOCATION  
Moulton

LEVEL  
Level 2

START DATE  
8 September 2025

DURATION  
1 Year

Adult maths courses are delivered on Monday evenings.

This course provides anybody over the age of 19, without a formal maths qualification, the opportunity to develop their key maths skills for study, work and everyday life, and work towards a recognised national qualification.

## What will I learn on the course?

Adult maths courses cover a range of key skills including:

- Number knowledge
- Fractions, decimals and percentages
- Measures, shapes and space
- Data and statistics

This knowledge is applied, as much as possible, to real-life scenarios to embed maths in everyday life and develop relevant problem-solving skills.

## What will this course cost me?

You do not have to pay any fees for this course.

## What does a typical week look like?

You will need to attend college on a Monday evening, 6pm - 8pm. You will also need to complete further self-directed study during the week which will be set by the tutor and may include use of online resources.

## How will I be assessed?

GCSE maths is assessed by three exam papers.

## Where can it lead to?

A GCSE grade 4 or Functional Skills Level 2 are the minimum requirement for most courses at Level 3 and above. Many employers also require these qualifications to evidence the skills considered vital in the modern workplace.

## What are the entry requirements for this course?

Anyone aged 19 and over, without a grade 4 or C in GCSE maths.

## Good to know

You will need to complete a detailed assessment before the course so that we can establish your current maths knowledge and skills.
