

Horse Management

Technical Certificate Level 2

STUDY MODE
Full time

LOCATION
Moulton

LEVEL
Level 2

START DATE
Sept 2025

DURATION
1 year

As Horse Management students you will have access to an exciting range of specialist resources at the College.

You will have access to all of the college horses, with the option of riding once a week and will regularly be on the professional equine yard working with other students, commercial staff and lecturers.

The Equine Centre comprises of a 60m x 40m indoor riding arena, large outdoor arena, cross country paddock and off road hacking around the extensive estate.

During the course you will undertake commercial experience and work experience developing your skills to an industry standard.

You will be guided by our specialist staff in developing theory knowledge and practical skills in key areas of the equine industry, as well as the opportunity to go on trips and have expert guest speakers come and give their insight.

What will I learn on the course?

Guided by our expert lecturers you will advance your knowledge of horse management and care.

Through theoretical and practical learning you will develop your understanding of preparing competition horses, along with basic horse biology and physiology.

Additionally you will find out more about correct and proper horse handling, feeding and watering.

What will this course cost me?

You will be required to buy Personal Protective Equipment (PPE) for this course. For a full list of equipment required [click here](#).

What does a typical week look like?

This is a full time course taking place on three full days per week. There will be a mix of practical and theoretical work which are split into two hour lessons. You will have a half an hour break and hour lunch.

How will I be assessed?

Vocational and professional qualifications are taught through college based theory and practical lessons with further learning and

understanding developed via directed self-study.

Assessment consists of internally set coursework and assignments which are a mixture of theory and practical assessment.

Where can it lead to?

Commonly students progress from the Level 2 qualification onto the Level 3 Diploma upon completion of their course, where they develop their knowledge and understanding further.

Alternatively students may wish to move into an apprenticeship after the 1 year qualification.

What are the entry requirements for this course?

Four GCSEs at grade 2-3 (D-E) or a Level 1 Diploma in a related subject.

Good to know

Please note that for the welfare of our horses there is a 13 stone weight limit for riding.
