

Plumbing

Diploma Level 2

STUDY MODE
Full time

LOCATION
Moulton / Higham Ferrers

LEVEL
Level 2

START DATE
Sept 2025

DURATION
1 year

Our Level 2 Diploma in Plumbing will provide you with further skills and insights into this industry.

Our Plumbing students have access to an exciting range of specialist resources at the College. You will use our unique workshop equipped with state-of-the-art tools and facilities to develop a range of skills.

As part of your course you will have the opportunity to undertake commercial experience and apprenticeships in Plumbing and Heating, where you will learn and develop practical skills that will be vital for your future.

What will I learn on the course?

Guided by our expert lecturers you will develop your skills in domestic hot and cold water installations and gain a wider knowledge of central heating systems.

Through practical and theoretical learning you will find out more about the electrical principles, as well as a focus on the implementation of drainage systems. You will cover modules including:

- Health and Safety
- Common Plumbing Processes
- Domestic Cold Water
- Domestic Hot Water
- Electrical Principles
- Scientific Principles
- Sanitation
- Communication within BSE
- Central Heating
- Drainage

What will this course cost me?

Hi-Vis and Work Safety Boots are required to undertake this course. You can find a full equipment list [here](#).

In addition you may find it useful to purchase a textbook for your course. This can be purchased from a range of suppliers

including [Amazon](#).

What does a typical week look like?

This is a full time course taking place on three full days per week.

There will be a mix of practical and theoretical work which are split into two hour lessons. You will have regular breaks including a lunch break.

How will I be assessed?

Assessment consists of the following:

- Practical assessments
- Externally assessed Exams
- Internal Exams
- Written coursework and workbooks

Where can it lead to?

This diploma will give you the chance to progress to a Level 3 T-Level in Building Services Engineering: Plumbing & Heating, subject to meeting the entry requirements.

You could also progress to an apprenticeship, full-time employment in the industry as a plumber or set up as a sole trader (self-employed).

What are the entry requirements for this course?

Four GCSE passes at Grade 3 (D) or above including English and Maths or Level 1 Diploma in a related Construction subject.
